

Thumbprint Signature Program

Are bad checks making a dent in your profit margin?

The Thumbprint Signature Program works as a natural deterrent. Customers are asked to place an impression of their thumbprint on the face of the check using a small "inkless" touch pad. Criminals seeking to commit check fraud are unlikely to put their thumbprints on bogus checks.

Most likely, they will try their schemes elsewhere, and those who are foolish enough to cooperate leave a positive I.D. that can be turned over to law enforcement.

More than 400 Texas retailers are currently using the program. We'll be happy to send you a packet with general information and recommended operating policies to assist your organization in implementing the program.

Touch Pads

The pads have a shelf life of 18 months or a minimum of 500 impressions. Be sure to order enough for all your registers.

Decals

Post decals (see above on top-right) at all entrances to let people know you are participating in the program and to warn potential criminals that their crimes will not go undetected.

Please return your check payable to TBA Services Company, Inc. and mail with your order to:

Charlotte Fluedinger
Texas Bankers Association
Thumbprint Signature Program
203 W. 10th St., Austin, TX 78701-2388

For more information about how you can use Thumbprint Signature to reduce check fraud, or to place an order with a credit card, please contact:
